Please ask if you have questions about any of the responsibilities...

Field Prep: Putting out bases, lining the basepaths and raking if necessary

Field Clean-up: Putting away the bases, raking the dirt smooth

Dugouts: Make sure they are empty - remove any garbage or recycle

Scorekeeping: On paper, if you don't know how to scorekeep, I'll teach you. It's really just counting...any paying attention. Cheers

Scoreboard: Again, this one is pretty easy, just a bit of button pushing & paying attention.

Families - if you cannot do your date, no worries, just find another family before the game.
