

FALL BALL 2015 SCOREKEEPERS

Welcome & thank you!

TO START THE SCOREBOARD:

- Power button on right side
- Answer 'No' to first & second questions. Yes or No for brights if you need them.
- Type in 4046371 for model #.
- Should be ready to go.

FIELD LIGHTS:

Please turn on the field lights as necessary. They take 5 – 10 minutes to warm up. Switches are near the door, *please wait ~20 seconds between each switch, this saves lots of power.*

AFTER THE GAME:

- 1) Turn off midfield and outfield lights **right away** to save power (they need the infield lights on to take down the field)
- 2) Turn off scoreboard
- 3) Scoresheets:
2 whites stay here, **2 yellows** to home coach, **2 pinks** to away coach
- 4) Please take out anything you brought in, including garbage & recycle
- 5) Please check all windows are locked
- 6) The Park Supervisor will be up later to lock the door and turn off the infield lights
